# THE EDUCATIONAL INSTITUTE OF THE PENNSYLVANIA MASONIC YOUTH FOUNDATION

## What Is PMYF?

The Pennsylvania Masonic Youth Foundation is a non-profit foundation dedicated to the development of leadership and character among the youth of Pennsylvania. Since 1982, we've been active in providing resources, training, conferences, and adult leadership. Our programs are continually expanding to better serve the youth across PA and the Adults who support them in more areas of the state.

## Scholarships

Through the generosity of the Masons in Pennsylvania, the Pennsylvania Masonic Youth Foundation is able to provide scholarships for many youth in the Commonwealth. Relatives of Masons and members of the Masonic Youth Groups are welcome to apply for these opportunities. A resource guide is available, listing all of the scholarships that a student might be eligible for.

## Masonic Youth Programs

### DeMolay

For young men ages 12 and 21 to learn skills such as leadership, public speaking and event planning.

### Job's Daughters

For young women ages 10 and 20 to build lifelong friends and learn skills that will lead to a better future.

### Rainbow Girls

A group for young women ages 10 to 20 to allow them to create programs focused on service and charity.

### A Place to Begin

Each of the three youth groups offer a beginner program for youth not quite of the age requirement. Those groups are DeMolay Squires, Rainbow Pledges, and Job's Daughters Bees.

## What Is the Educational Institute of the PMYF?

For more than 15 years the Masons of Pennsylvania have provided professional development and education workshops and seminars for educators, human service professionals and school administrators throughout the Commonwealth of Pennsylvania.

In 2020, the Education Institute of the Pennsylvania Masonic Youth Foundation is proud to introduce a new aspect to this incredibly valuable program, Parent Forum. The focus will be on creating an environment where parents can hear from experts, connect with other parents and find support. The conversations will place attention on what is right with kids, and practical strategies that parents can use to help their children continue to grow in thrive.

### LifeSkills/LifeChangers

A week long conference to teach teenagers responsibility by building relationship and friendships. This is done by empowering teens through engaging activities, built of the values of respect, responsibility, and healthy relationships.
