

GIRLS' LEADERSHIP CAMP

July 20 - 25, 2025

Registration Deadline: June 30, 2025

Registration Fee: \$275

The Girls Leadership Camp (ages 10 - 14 years) introduces concepts of leadership and explores one's position within a group. We will investigate self-awareness, learn communication strategies and encourage positive interactions with others. Hands-on activities will relate to core concepts of what it means to recognize a leader, the various ways to assert oneself in broader society and take on a leadership capacity. The Girls' Leadership Camp addresses the importance of self-reflection and responsive, positive coping skills.

With a variety of activities to choose from, girls will take on light-hearted projects, team building and structured social activities focused on positive communication and leadership skills, as well as interactive games.

Some highlights of the program include: a visit from a therapy dog and handler; indoor swimming; daily open gymnasium options; karaoke night; tie-dying shirts; a talent show and guest speakers on a variety of topics. Look forward to an atmosphere of creative, positive fun.

Each participant will be assigned to a group of 4 - 6 other girls, who will be led by a group leader and assistant group leader for the week. Rooming typically takes place with 2 - 3 other participants in a dorm-style room, located at the conference center on campus.

The camp reserves use of the recreational facilities at the Patton Campus, located at 1244 Bainbridge Rd., Elizabethtown, PA, including an indoor pool, gymnasium for volleyball and basketball, atrium with space for board games and outdoor fields for use during free times. A movie night with popcorn and snacks will take place Thursday night. Our program is focused on community and learning through fun.
